

Two by two—from the left, the camels, bull and cow, horses, goats, meerkats, sheep, alpacas, rabbits, turtles, bears. From the right, the kangaroos, crocodiles, reindeer, ostriches, penguins and peacocks. On the ramp, the lions follow the hippos. On the foredeck, the elephants look out at the large and small dogs, the cats and the proprietors. At the stern the vipers and boa constrictors are in their pit. Looking out the windows, the monkeys and the giraffes. The doves are on the roof.
